

SALOMÈ

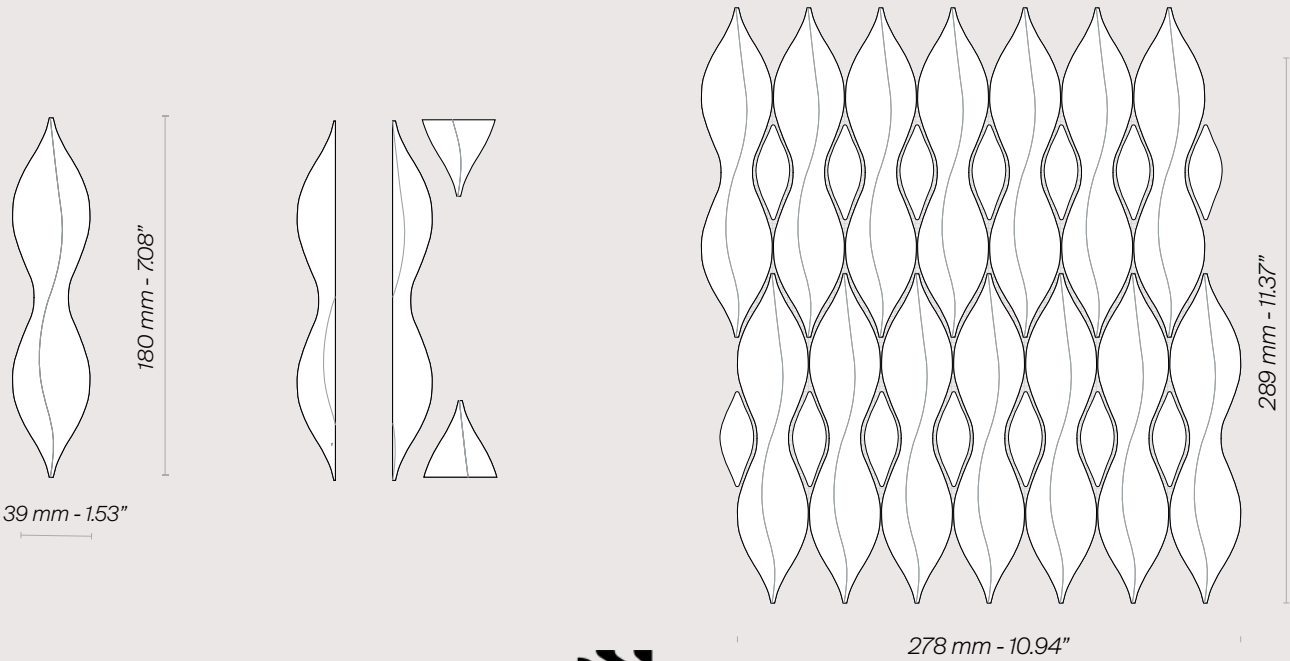

DESIGNER ADAM NATHANIEL FURMAN

	TSL = Heritage clay
Product code reference guide	CSL = Obsidian clay
Clay body	This collection can be produced using either Heritage clay or Obsidian clay, depending on the desired glaze effect. Each clay body interacts differently with our finishes, allowing for unique surface qualities and tonal variations. The choice of clay is therefore guided by the aesthetic and technical needs of the project. Other clay bodies may also be available upon request
Dimensions	Refer to the standard sheet composition in the drawings below
Sheets required	11,9 sheets per m ² (≈ 1.15 sheets per sq ft)
Tile thickness	18 mm (0.71")
Available finishing	- Gloss: smooth and shiny - Satin: soft sheen, semi-matte - Iridescent: color-shifting surface with light reflection - Metallic: real metal or PVD coating is used depending on the application
Suitable for:	The product range includes options for indoor and outdoor use. Verify the intended application when selecting the version
Mounting:	Mesh-mounted and ready for installation

Recommended extra: 10% (for cuts, waste, and on-site adjustments)

SALOME' collection is handmade; therefore, slight variations in size, flatness, surface texture, and shade may occur. These are inherent characteristics of the material and should not be considered defects. During installation, such features should be used to enhance the overall aesthetic. Botteganove Srl reserves the right to modify this data sheet without prior notice.

Tile dimensions and standard sheet composition .
Perimeter tiles (usually halved) are also available to create clean, straight edges.

PACKING

Standard packing applies to both heritage and obsidian clay versions

Number of sheets per box	7
Coverage per box:	0,59 m ² 6.35 ft ²
Box weight	≈ 10,5 kg
Boxes per pallet (max):	42
Total coverage per pallet	23.6 m ² 254 ft ²
Maximum weight per pallet:	≈ 560 kg
Pallet overall dimensions (max):	82 x 122 x 135 cm (L x W x H)

SHIPPING PACKAGING GUIDELINES

For large, medium, and small shipments, we use wooden crates to provide extra protection against vibration, shock, and shifting during transport.

For large and medium shipments, we offer stackable crates to optimize shipping and storage space, helping to reduce transportation costs.

Wooden crates also provide an additional level of security, as they are typically more difficult to open than palletized loads..

GUIDELINES FOR INSTALLATION AND MAINTENANCE

Guidelines for installation and maintenance are always included with our products. They provide essential precautions and detailed instructions on how to properly install and maintain our tiles and mosaics. **Please make sure to read these instructions carefully before starting the installation.** For further assistance, don't hesitate to contact our technical department.
