SHIPPING PACKAGING GUIDELINES

For large, medium, and small shipments, we use wooden crates to provide extra protection against vibration, shock, and shifting during transport.

For large and medium shipments, we offer stackable crates to optimize shipping and storage space, helping to reduce transportation costs.

Wooden crates also provide an additional level of security, as they are typically more difficult to open than palletized loads..

GUIDELINES FOR INSTALLATION AND MAINTENANCE

Guidelines for installation and maintenance are always included with our products. They provide essential precautions and detailed instructions on how to properly install and maintain our tiles and mosaics. For further assistance, please don't hesitate to contact our technical department.
